Upcoming Events

Rancho Solano, Saturday June 4 (10:04 A start) – as of this writing, we have 30 players committed for this event. We have reserved 32 spots, so we still have a couple of openings available. Please feel free to contact Alan or Debbie if you would like to play in this event and have not yet entered – we'd love to fill all available times!

Ancil Hoffman, Monday June 13 (9:00 A start) – this will likely be a small group and should move around the course quickly on a Monday morning. Please get your entry forms in soon if you are thinking of playing, so we can finalize our group size with the course.

Dry Creek, Saturday June 25 (9:30 A start) – this is one of the local classic courses. One of the CGC's early favorites, with the influx of other course options it's been 4 years (2001) since the CGC has played at Dry Creek. We know they had some flooding issues during late Winter/early Spring – we're hopeful that the course has returned to optimal condition. If so, we'd highly recommend you include this one on your CGC schedule of events to play. Entry forms are included with this newsletter, and are available on the website (www.carmichaelgolfclub.com).

Graeagle trip, July 21-23 – 8 of the 26 players who have signed up for this trip have already paid their golf costs in full – thanks for your early response! With this newsletter, all 26 players will receive a notice of this trip – either acknowledging receipt of full payment, or identifying the outstanding balance still due. Full payment is needed to be returned by June 15, as we will shortly thereafter need to finalize payments with the courses. We'd still love to see more players join us – please contact Alan or Debbie if you are able to make this trip and have not yet sent in a deposit.
