## Results from Lincoln Hills (Orchard Course), November 4, 2006

The seasons' are starting to change – with one of the first rains of the year happening on Thursday prior to this event, and fog settling into selected areas in the Sacramento Valley on Friday and Saturday. With that in mind, we caught a pretty decent weather day for our final event of 2006 – with a little sun and a little breeze making for a comfortable weather day. This was the CGC's first visit to this particular Lincoln Hills layout – a combination of 9 new holes opened in 2005 along with 9 holes from the original Lincoln Hills course. You can still see a difference in manicuring between the two sets of holes. Some difficult carry shots and quick greens made for a tough day for the majority of the group. Continuing a year long trend of excellent turnouts, 34 players (32 members and 2 guests) joined us for this event.

## **2007 renewals**

Included with this newsletter are 2007 membership renewal forms. Each member has his/her most current information on file with us included – if you are renewing your membership, please update this information (especially email addresses – the use of email to communicate to members quickly and more frequently has been very helpful this past couple of years). We will also ask for birth date and year for members who did not provide this information previously. Our website ([www.carmichaelgolfclub.com](http://www.carmichaelgolfclub.com)) has a 2007 new member form available as a link on the front page of the website – please direct any potential new members to our website for this form. FYI, we are still working on our schedule for 2007 – we hope to have our 2007 schedule finalized before the end of the calendar year.
