

Carmichael Golf Club Newsletter

February 2008

Upcoming Events

Castle Oaks, TOC, Saturday March 1 (10:00 A start) – if you qualified and received an invitation to this event, we are quickly coming up on the entry deadline for this event (February 16). If you have not yet notified us, please let us know if you are planning on playing in this event. A reminder will also be coming out via email.

Teal Bend, Saturday, March 15 (9:00 A start) – our first full field event of 2008. Teal Bend's reputation for it's good drainage should serve us well as long as it's not raining cats and dogs on March 15. Entry forms are included with this newsletter, and are available on our website (www.carmichaelgolfclub.com).

Graeagle trip, June 19-21, 2008 – entry forms for this trip are included with this newsletter, as well as being available on our website. With the earlier dates than for our normal trips (late July or early August), we're only 4 months away from this trip – so the planning on our part and your part need to begin. We encourage everyone who is planning on making this trip to get their deposits in quickly and their lodging accommodations finalized.

CGC Membership

We are currently below last year's membership (currently 72 after reaching 81 last year) – but we are hopeful as the weather turns and the season begins we will get some more returning and new members. Following is a list of our new members for 2008 (and the CGC members who brought them in): Sharon Arnot (Marsha Suter), Dorothy Redmon (Tom Redmon), Larry Rillera (Greg Brewster), Dick Scott (Larry Fonseca), Mark Velasquez (Greg Brewster), and Jim Waddell (CGC member – unknown). Thank you for joining our group – we look forward to seeing each of you at CGC events in 2008 (all but Dorothy and Jim played as guests at CGC events in 2007). All members – feel free to continue to encourage new members to look at the CGC. We have enjoyed the good turnouts at our events in recent years!

CGC website

We've known for awhile that the website was mainly being used to obtain starting times. Previously, it was difficult to transmit results data into a readable format. By being able to generate a pdf version of files, the data can be loaded to the website as initially entered and be viewable by more members (realistically, we will never be able to find a version that is accessible to all computer formats – at least at a reasonable cost). We hope you'll be able to see what we are putting up on the website – for now, we've got most of 2007's info (results, newsletters, etc.) on the site, along with some initial member CGC history information. As 2008 events begin, we hope to get event results up quickly to the website – and soon we should have more detailed member CGC history information. We'll continue to add more historical data. We're also hopeful to have many varied pictures throughout the site – keep watching!!
